

Innovation Bazaar

Come together, Grow together

Innovation Bazaar

Come together, Grow together

What is innovation bazaar?

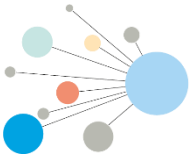

Innovation Bazaar is about creating unexpected, cross-border meetings. This is where companies from all industries, of all different sizes come together to find new contexts for business collaboration, investment, and not least to learn from each other!

At The Innovation Bazaar you are not just an exhibitor or visitor, you are both. As a participant you therefore get the possibility to both promote your exciting ideas and projects, and perhaps find the partner or investor required to go from concept to reality, while at the same time you get to be inspired by others'. Or maybe you will take the chance to get in direct contact with tomorrow's businesses ventures, and with your organizational opportunities, you may be a part of taking them to the next level. Both you and the other participants at The Innovation Bazaar hold an executive position which creates an environment where real decisions can be made and concrete progress realized.

During one evening The Innovation Bazaar creates the opportunity for all participants to be involved in creating new opportunities and shape the future!

“...we were able to mingle with the other companies at Ideon. Quite amazingly, we found that companies around us are to be our partners in both MedTech and agriculture. Moreover, they would talk about our products with their contacts that they knew were in the agriculture industry...”
Anders Hedberg, Videocent

Innovation Bazaar

Come together, Grow together

Participation

At the Innovation Bazaar you can participate in three ways;

Company: You belong to a company involved in order to meet new and exciting people and have no need of a dedicated exhibit space, but rather to keep you moving to see and hear as much as possible.

2 representatives are welcome to attend. *Price Companies: 500 SEK**

CompanyPlus: You have more to show, for example, a prototype, and therefore want to have your own space with a smaller bar table and the opportunity to set up your own roll-up in order to get what you want out of the bazaar. 4 representatives are invited to attend so that you are able to both receive questions at your company's spot while at the same time being able to walk around and talk with others. *Price CompaniesPlus: 5 000 SEK**

Sponsor: Contact us at innovationbazaar@lund.fena.nu

for more information about what you get as a sponsor and what it costs to sponsor the Innovation Bazaar.

**Taxes are not included*

“ It was low cost and easy to take part as exhibitor. Very good! ”
Anders Hedberg,
Videocent

Come together, Grow together

Who is FENA?

The Association for Entrepreneurship and New Business spirits (FENA) is the largest non-profit network for people who are interested in entrepreneurship. We are actively working to inspire, raise awareness and help people realize their dreams and create their own opportunities.

FENA aims to link people with different backgrounds, education and ways of thinking to create a creative platform where entrepreneurship is in focus. FENA's goal is to inspire more people to start and run sustainable businesses.

*“ Over all I think it was a very good event! Fun initiativ!”
Anders Österlin,
Linqer AB*

We want everyone to develop their ideas and entrepreneurial abilities, even those who have no previous knowledge or training in entrepreneurship. FENA is promoting collaboration on a Nordic, European and International level and influence decision-makers and politicians to make it easier for young entrepreneurs.
